[Verse 1]

```
C                      C
Give me a second I, I need to get my story straight
     Am                                 Am
My friends are in the bathroom, Getting higher than the empire state
     Dm                      Dm
My lover she's waiting for me, Just across the bar
               F                    G
My seats been taken by some sunglasses, Asking 'bout a scar, and

C                          C
 I know I gave it to you months ago
Am                          Am
 I know you're trying to forget
        Dm                              Dm
But between the drinks and subtle things, The holes in my apologies
      F                              G
You know I'm trying hard to take it back
```

[Bridge]

```
            Dm       Em
So if by the time the bar closes
        Am      G        F
And you feel like falling down
       F       G
I'll carry you home
```

[Chorus]   (2x)

```
   C
Tonight
      Am
We are young
                           F
So let's set the world on fire, We can burn brighter
         G
Than the sun

        C                 C
Now I know that I'm not, All that you got
Am                              Am
   I guess that I, I just thought,   maybe we could find a ways
        Dm                      Dm
to fall apart, But are friends in back,    So let's raise a cup
F                       G
  Cause I found someone to carry me home
```

[Chorus]   (2x)

Carry me home tonight
     C            G
Just carry me home tonight

C                         F
  The world is on my side  I have no reason to run
C/E                       G
So will someone come and carry me home tonight
C                        F
  The angels never arrived  but I can hear the choir

so will someone come and carry me home
