**[Verse]**

D                    A                    Bm                    G  
 Sometimes I feel like I don't have a partner

D                    A                    Bm                    G  
 Sometimes I feel like my only friend

                  D                    A                    Bm                    G  
 Is the city I live in, the city of angels

D                    A                    Bm                    G    Dmaj7 (8 Schläge klingen lassen warten)  
 Lonely as I am, together we cry

                  D                    A                    Bm                    G  
 I drive on her streets 'cause she's my companion

D                    A                    Bm                    G  
 I walk through her hills 'cause she knows who I am

D                    A                    Bm                    G  
 She sees my good deeds she kisses the windy

D                    A                    Bm                    G    Dmaj7 (8 Schläge klingen lassen warten)  
 Well, I never worry, now that is a lie
