[Versel]
 Remember when we were such fools
 And so convinced and just too cool, Oh no
                                                 No no
 I wish I could touch you again
                                             F#m
  I wish I could still call you friend, I'd give
                                                     anything
[Chorus]
When someone said count your blessings now
For they're long gone
I guess I just didn't know how
I was all wrong

  And ever Who knew
